

Highway Conferences About Relief Issues In County Planned By Ewig

County Attorney Arranges Two Meetings for Purposes of Discussing Relief Issues in Towns of County Under WPA.

ON WEDNESDAY

Supervisors at One Meeting—Supt. Loughran, Chairman Markle and Minority Leader Elsworth at Other.

County Attorney Arthur B. Ewig, following a conference had in Albany with representatives of the Works Program Administration, is arranging for a conference with the supervisors representing the towns of Ulster county and for another conference between the county superintendent of highways, Chairman Markle of the Board of Supervisors and Roscoe Elsworth, minority leader of the board, for the purpose of discussing the work relief issues in the county and towns therein. Letters have been addressed to the supervisors of the several towns asking them to meet at the courthouse on Wednesday evening, August 7, at 7:30 o'clock. A conference has been arranged between the county superintendent of highways and the chairman of the board with the minority leader for Wednesday, August 7, at 4 p. m.

Mr. Ewig reports that all of the relief projects heretofore performed by the TERA subsequent to September 1 will be taken over by the WPA and that all persons on relief in the month of May, 1935, will be given first preference in employment on projects undertaken under WPA. After such cases have been taken, other relief cases will be provided for. All employables on relief must be registered with NRS who will supply the necessary employes for the several projects.

All uncompleted TERA projects must either be completed by August 15 or be continued under WPA. Under the new set-up, the federal government will pay all salaries and wages for such employes in full at the scale of wages prescribed by the administration which in Ulster county is as follows: Unskilled workers, \$48 per month; intermediate workers, \$55 per month; skilled workers, \$75 per month; professional and technical workers, \$77 per month. The sponsors of the several projects will be expected to pay the greater portion of any materials necessary or used on the projects approved at the present time, the several towns in the county are only reimbursed to the extent of 75 per cent of their relief burden on all relief projects. The new set-up should mean a considerable saving to the towns. Under this set-up, it probably would be advisable to have in addition to town projects several county projects so as to provide employment for all relief cases within the county. It is to discuss all these matters and to advise the supervisors of the procedure expected to be followed by them that the conference had been called.

SEVEN YOUNG BOYS HELD FOR THEFT AT EAST KINGSTON

Seven boys, ranging in age from 11 to 15 years, were picked up by Troopers Reilly and Metzger Saturday, following a report that the Brigham store at East Kingston had been entered Friday night and a quantity of goods, in addition to change from the cash register, taken. The boys were paroled in the custody of their parents pending arraignment today in Children's Court.

The troopers state that they obtained admissions that the store had been entered on previous occasions.

BLINDING LIGHTS ARE BLAMED FOR ACCIDENT.

Two cars crashed and were badly damaged when they came together on Cornell Hill, Rosendale road, Sunday night. They were driven by Carter Riley of Kingston, who was coming toward the city, and by Angelo Brasaw of 12 Jay street, Albany, who was driving south. Riley told Troopers Reilly and Metzger, who investigated the accident, that he was blinded by lights from an approaching car. The drivers escaped serious injury.

AAA Agreement Forecasts

Washington, Aug. 5 (AP)—A conference agreement by tonight on the AAA amendment bill was forecast today by Chairman Smith of the Senate agricultural committee, one of the conferees. The promise of a quick agreement coming so soon after Smith's first meeting with the conferees upon his return from a visit in his home state was taken as an indication many of the tentative agreements made by the conferees last week were suitable to the chairman.

Sentenced to Death.

Berlin, Aug. 5 (AP)—Albert Rappert, 26, former Communist member of the Reichstag, was sentenced to death today for Communist activities constituting high treason. The accused was alleged to have been undertaken despite a promise to refrain from them made when he was released from a concentration camp December 23, 1933.

Staley, Flemming Recommended For Supreme Court Judgeships

Howard B. Humiston Named for Coroner and Robert Parks as Candidate for Public Welfare Commissioner.

COMPLETE TICKET

Conway To Run Again for Assembly; Molyneux Nominated for Sheriff in Spirited Battle.

The Republican County Convention on Saturday at the Municipal Auditorium recommended the following ticket as candidates for office on the Republican ticket in November: Member of Assembly—J. Edward Conway

Sheriff—Abram F. Molyneux Coroner—Howard B. Humiston Commissioner of Public Welfare—Robert W. Park

There are two justices of the Supreme Court to be elected in this district this fall and the convention unanimously endorsed Supreme Court Justice Ellis J. Staley of Albany county to succeed himself and recommended Harry H. Flemming of Kingston to fill the vacancy caused by the elevation of Judge John T. Loughran of Kingston to the Court of Appeals.

Two contests marked the convention, one for the recommendation for nomination for sheriff and the other for the office of commissioner of public welfare. Deputy Sheriff Abram F. Molyneux of this city won the recommendation for sheriff after two ballots had been taken. On the first ballot he received 128 votes, three less than the number needed for choice which was 31. On the second ballot Mr. Molyneux won the recommendation for nomination by receiving 163 votes. The three other candidates for sheriff were Supervisor James Rose of the Second ward, Supervisor Clarence Voss of Ploedenia, and W. Norman Conner of this city, a former coroner.

A spirited fight was staged for the nomination for commissioner of public welfare in which the voting was limited to the towns outside of Kingston.

Frederick H. Stang of the town of Shawangunk placed the name of W. W. McDill as a candidate to succeed himself as commissioner of public welfare. Mr. Stang made a strong plea for Mr. McDill, who, he said, was filling a difficult position well. Mr. McDill's nomination was seconded by J. Albert Fuller of the town of Saugerties, who said that McDill was a man of high character.

Goebbels Says Nazis Will Level All Foes Of Party Discipline

Berlin, Aug. 5 (AP)—An avowal by Dr. Paul Joseph Goebbels to strike "into the dust" all "state enemies" sharpened today the Nazi drive on all who have stood out against party discipline.

The minister of propaganda, addressing a demonstration at Essen Sunday, fired a broadside particularly against the Stahlhelm (Steel Helmet) veterans organization, but turned also on Jews and "political Catholicism."

Grave apprehension prevailed in Steel Helmet circles, especially after it became known that not only had its organ "Der Stahlhelm" been suspended indefinitely, but that former Field Marshal August von Mackensen, an honorary member since its foundation, had resigned.

Goebbels' blunt assertion that "there is no organization beside the Nazi party entitled to own political life" in the third Reich was seen by many sources as an omen that the end of the veterans union of some 700,000 members may be close at hand.

Threatening to wipe out all that is not Nazi in Germany, Goebbels said: "We do not tolerate any kind of opposition and will handle saboteurs of the Reich just as we handled saboteurs of the left."

Persistent references to the Jewish question indicated that, as Minister of Interior Wilhelm Frick put it, anti-Semitic points would be "legally not out of order."

Urges ERB Board To Continue To Function Throughout The State

Chairman Alfred H. Schoellkopf of State TERA Urges ERB Organizations Not to Disband When WPA Takes Over This Year.

Alfred H. Schoellkopf of Buffalo, chairman of the State TERA, has written the local emergency relief administration as well as the other ERB organizations throughout the state, urging them not to disband but to continue to function when the new Works Progress Administration goes into action.

In his letter to the chairmen of the various ERB organizations throughout the state, Mr. Schoellkopf calls attention to the fact that the boards were established under the state emergency relief act, and urges them to continue to function until further notice or developments change the situation, even though work relief has, as an activity, been entirely assumed by the WPA.

Mr. Schoellkopf states that it is obvious that when the work relief is taken over by the WPA that the ERB functions will be confined to home relief and special programs. He writes that the State TERA would not arise at this time the resignation of any individual member of the disbanding of committees who have functioned so well in the past.

If later the disbanding of the ERB would seem pertinent the State TERA will so advise, writes Mr. Schoellkopf.

Little Girls Got Away

Olean, N. Y., Aug. 5 (AP)—Two little girls, a young John Gahler over the weekend and it cost him \$111. The girls, each about 12, were standing near Gahler when he dropped his pocketbook containing that amount. One of the girls snatched it and the two ran. Gahler chased them several blocks before he lost them.

Removal of Bodies Open

Saratoga Springs, N. Y., Aug. 5 (AP)—The new Roosevelt Baths, named for President Roosevelt, were opened to the public at the state's new spa in Saratoga Springs today. The baths can accommodate about 1200 persons daily.

Merchants Are Planning Huge Dollar Day For Kingston On August 14

More Stores Cooperating Than Ever Before To Make Bargain Field Day for Ulster County Shoppers.

HARD AT WORK

Local Merchants Bending Every Effort to Get Stocks Into Shape for Semi-Annual Event.

With more stores cooperating than ever before, Kingston merchants are making definite plans for the biggest summer Dollar Day in their history on Wednesday, August 14. For the past several weeks, the stores of this city have been buying merchandise in preparation for this ever popular event, and from all reports, Dollar Day bargains this year will be the greatest ever offered to the public of Kingston and vicinity.

It is amazing how much effort and work is expended in making an event of this nature possible. The managers of the local stores are busy weeks in advance, ordering merchandise and marking down prices in order to insure the customer of real values. Local managers fully realize the necessity of offering the utmost in bargains if the annual Dollar Day is to be successful and all work toward that end.

The men in charge of this August Dollar Day have bent every effort to properly advertise the event. Road signs and posters will soon be placed in advantageous places in Kingston and throughout the county. Dollar Day banners have been ordered, and an advertising circular will soon be sent to 20,000 homes throughout the Kingston trading area, carrying advertisements of various cooperating Kingston stores.

What the weather man has in store for Wednesday, August 14, is a matter for considerable conjecture among several of the committee in charge of Dollar Day. Bad weather has seemed to plague Kingston Dollar Days for the past year or two, and it is the guest of many Kingston business men that luck in the form of a bright midsummer day will smile upon the event this year. But rain or shine, local managers are confident that the array of values being offered Wednesday, August 14, will bring out the customers even if they have to shop in rain coats and rubber boots.

SEVERAL HUNDRED PERSONS KILLED IN TYPHOON TODAY

Amoy, China, Aug. 5 (AP)—Several hundred persons were killed or drowned today when the most violent typhoon in many years struck the south China coast.

Virtually the entire part of southern Fukien province suffered heavy life and property losses. The center of the disturbance was at Chuanchow, 100 miles north of Amoy.

As the storm roared inland streams were flooded and numerous villages were completely submerged.

Another similar storm was reported approaching.

Search for 5 Fugitives

Fulton, Mo., Aug. 5 (AP)—With orders to shoot at the slightest show of resistance, state and county officers today intensified their search for five criminally insane fugitives from the Missouri State Hospital here. One of the escaped prisoners, wearing an erratic course through central Missouri, apparently had armed himself with a pistol. Authorities were fearful he was Oliver Hamilton, 35, of St. Louis, who murdered a policeman and another person in June, 1923. He was believed to have a .45-caliber pistol, who kidnapped T. B. Crosswhite, 23, of Columbia, Mo., and later three state highway employees and commandeered their automobiles in his efforts to escape.

"White Collar" Allotment

Washington, Aug. 5 (AP)—President Roosevelt today allowed \$7,784,000 of work relief funds for a census of American business, the largest "white collar" project yet approved. The chief executive's approval of the census bureau's application for this sum followed the recent allotment of \$233,000 to the same agency for a survey of retail trade. An announcement said the census would be started on January 2, although preliminary work is to begin immediately, and that it "will cover all business activities with the exception of agriculture and manufacturing industries and will furnish information of importance to the federal government, to business and to labor."

Treasury Receipts

Washington, Aug. 5 (AP)—The position of the treasury on August 2 was: Receipts, \$29,725,723.72; expenditures, \$41,587,444.48; balance, \$3,646,895,099.77; customs receipts for the month, \$2,247,290.95. Receipts for the fiscal year (since July 1), \$239,520,423.42; expenditures, \$239,524,024.12, including \$230,427,789.48 of emergency expenditures; excess of expenditures, \$4,503,600.70; arrears, \$23,040,047,220.62, a decrease of \$10,237,355.75 under the previous day; gold assets, \$6,145,852,262.11.

ARREST BY TROOPERS

Tell-Tale Auto License Betrays Youth to State Troopers Aiding in Search for Missing Man.

Washington, Aug. 5 (AP)—The administration's tax bill, estimated to raise between \$250,000,000 and \$270,000,000 additional annual revenue, was passed today by the house and sent to the senate.

A bitter controversy in that branch appeared certain before the measure upon which the time of congressional adjournment depends, is voted on. The senate finance committee has been holding hearings for several days to expedite action.

Action came after a Republican attempt to pigeon-hole the tax bill in the ways and means committee was defeated.

The motion to send the bill back to committee, was offered by Representative Treadway (R-Mass.). There was not even a standing vote on the Republican recommendation.

Chairman Harrison of the senate finance committee hopes to complete hearings by Wednesday and to report the bill out this week. Floor consideration probably will go over until next week.

It is likely the finance committee itself will make many changes in the bill. Harrison probably will attempt to ease the inheritance levies, and possibly the surtaxes, although liberals will try to make them more drastic and also make an effort to dip lower into the smaller brackets for income taxes.

State To Rest Case In W. L. Ferris Trial

Detroit, Aug. 5 (AP)—The state will rest its case today against William Lee Ferris and three young women accused with him of the slaying of Howard Carter Dickinson, New York attorney and nephew of Chief Justice Charles Evans Hughes.

Only one prosecution witness remained to be heard. He was Detective Sergeant Carl Switzer, who will resume the stand this morning for cross-examination by the defense.

Prosecutor Duncan C. McGraw said he would extend his case only if officers succeeded in their search for the revolver which killed Dickinson, whose body was found early on June 27 in Rouge Park here. He explained that Ferris, in an alleged confession, told officers he had wrapped the weapon in paper and tossed it into a clump of weeds at the end of a Chicago car line. Efforts to recover the gun have been unavailing.

Defense counsel said that the four defendants would take the stand this week to repudiate an assortment of confessions attributed to them. On trial with Ferris are Florence and Loretta Jackson, sisters, and Jean Miller. The three girls formerly performed in burlesque.

Ferris said that he would testify that Dickinson killed himself. One of the first versions of the attorney's death he related after his arrest in a Fort Wayne Hotel was a suicide story.

All four were expected to charge that the alleged confessions were wrung from them against their will by police.

The young women said they also would testify that Ferris shot and robbed Dickinson and would deny that they had any knowledge of his intention to take the attorney's life.

Resettlement Allotment

Washington, Aug. 5 (AP)—Allotments totaling \$40,350,000 for the rural resettlement administration and the reclamation bureau were approved today by President Roosevelt. The rural resettlement program will receive \$22,000,000 for taking land out of production and other uses. The reclamation bureau's allotment amounted to \$18,350,000, of which the largest single allotment was \$15,000,000 for continuance of construction of the All-American canal, diversion dam and distilling work in Imperial county, Calif.

4 Prison Guards Discharged

Joliet, Ill., Aug. 5 (AP)—Four guards at the state prison were discharged today for "inefficiency and negligence" which resulted in the escape of a prisoner. The guards were charged with "negligence" in not seeing that the prisoner, a man named "Mickey" Gerber, did not appear in the morning. Booze Warrant Issued

Chicago, Aug. 5 (AP)—Judge Edwin F. McCarthy in felony court today issued a warrant charging Manderville W. Zinke, 26-year-old Missouri bartender, with the embezzlement of his love rival, Dr. Walter J. Zinke.

Wanted in Union City, N. J., on a

charge of murder, Henry Sigmund, 23, of 410 Fourth street, Union City, is being held in the county jail here awaiting extradition to New Jersey. Sigmund, who is charged with the murder of Daniel Cottone, 32, manager of the Carroll Garage at 131 Palisades avenue in Union City, was arrested by State Troopers about 2 o'clock this morning when found asleep on a cot on a screened porch at the home of Sophie Arlich at St. Henry. His apprehension followed a collision between the car he was driving and a car of Aaron Lipkin of 35 Home street, this city, at Maple Hill on Sunday evening in which the Lipkin car was sideswiped by the other car. Sigmund, according to the State Troopers, has confessed that he murdered the garage man and stole the car from the garage in Union City.

From the story as gathered by the State Troopers and the confession which they state they obtained from Sigmund following his arrest, the young man after taking the car from the garage had driven to Ulster county. He was well known in Rosendale, Tilton and St. Remy where he had been accustomed to spending much of his time. He made his home with an aunt in Union City.

Cottone, the murdered garage man, was found dead Sunday morning. He had been shot to death. He was lying in an automobile, on which he had been apparently working, with a bullet in his head. The Union City police department also learned that a Dodge sedan owned by Joseph E. Gerbois of 150 Palisades avenue, Union City, was missing from the garage.

Following the collision between the Lipkin car and that driven by Sigmund, the local police sent a teletype message to the New Jersey police and were informed that the license plates were those of a car that had been stolen.

Lipkin's Story

Aaron Lipkin, who is a local insurance agent, when seen at the court house this morning, said that he was out driving with his family on Sunday. In the car with him was his wife, their two children; Mrs. Not Cohen and her two children, of Astoria, L. I., and his brother, Harry's young son. He was driving at Maple Hill when he saw the Sigmund car approach, and realizing that collision was inevitable, he drove partly off the road and the other car sideswiped his car, he said.

Lipkin immediately jumped out of his car and went back to the other car. Later Lipkin had Sigmund arraigned before Justice of the Peace Charles C. Craig of Tilton. The justice decided to hold Sigmund's car as bail for his appearance today on a charge of reckless driving.

The license number of the Sigmund car was turned over to the sheriff's office who requested the local police to send a query out over the teletype which was done.

It was then learned that the car was stolen and the driver wanted for murder.

Aided in Search

Sergeant Lockhart, Sergeant Cunningham and Troopers Baker and Kelle hurried to Tilton where they met Lipkin and a search was started for Sigmund.

From information obtained by the State Troopers it was learned that Sigmund was well known in the vicinity of Tilton, Rosendale and St. Remy and search for the missing man was centered in that section.

It was early this morning when the police learned that Sigmund would probably be found at the Arlich home.

Lipkin accompanied the four State Troopers in the search for Sigmund.

Woke on Cot

When the state police and Lipkin searched the Arlich home it was about 2 o'clock this morning. They found the screen door on the porch unlocked and stepping inside onto the porch one of the troopers used his flashlight.

As the flashlight played about the porch the beams illuminated a cot on one corner of the screened porch on which a man was lying asleep.

As the light flashed in the man's face Lipkin identified him as the man sought.

Sigmund was told to get up and dress and that he was under arrest. He was then taken to the court house and questioned.

Sigmund's Confession
According to the State Troopers the Union City man confessed. According to the Troopers Sigmund in his statement said he left New York early Sunday morning after having an argument with his aunt and went to Union City to the Carroll Garage. He said he had an argument with Cottone, the garage man, which led to him pulling the gun and shooting Cottone.

Following the killing Sigmund, according to the statement of the Troopers, (Continued on Page Three)

Dutch Schultz Rests At Syracuse Today

Syracuse, N. Y., Aug. 5 (P).—Arthur (Dutch) Schultz, fugitive, rested today in this central New York city, a stop-over on his return to what New York city authorities say will be an uncomfortable welcome home.

The erstwhile Bronx beer boss arrived here by motor shortly after midnight, after a leisurely drive from Malone where he won an acquittal from a federal court jury in his second trial for evasion of paying \$32,000 income taxes in 1929-31.

It was here that his first trial was held, resulting in a disagreement. Schultz was reticent about his plans as he enjoyed an early morning meal before retiring, but indicated he had not changed his mind about returning to New York city where Mayor Fiorello H. La Guardia said "there is no place" for him.

Detachments Are Busy Preparing Pine Camp

Pine Camp, N. Y., Aug. 5 (P).—Advance detachments labored today to prepare the broad Jefferson county plains for the arrival next week of 30,000 National Guardsmen and regular army men for the peacetime maneuvers August 17-31.

A total of 1,200 officers and soldiers already are on hand, most of them of the army general headquarters staff of the metropolitan area.

Official unit heads commanding the various branches engaging in the "war games" are not expected to arrive until a few days before the demonstration begins.

Bullfights, Drama At Kiwanis Camp

Saturday night at the Kiwanis Camp, Glenora Lake, was cabin night with all groups presenting stunts at the camp-fire period. There was a tie between cabins 2 and 3 and both groups were given "seconds" of ice cream Sunday as prizes.

Cabin 2 staged a bullfight with a very good bull and an almost unlimited number of toradors. Without telling who the bull was, it is safe to say that those participating were Vernon Beesmer, Dewey Horbeck, Ernest Ryan, Peter Short, Robert Burns, James Howard, Fred Plattner, Frank Cecilia and Jules Viglielmo.

Cabin 3 went heavily into the drama by presenting "St. George and the Dragon." The boys in Cabin 3 were Roscoe Altamari, Rufus Curtis, Peter Mancuso, Donald Williams, James E. Houghtaling, Frank Mayer, Luther Ramsey, Robert Van Buren, LeRoy Wolven.

The final games in the cabin baseball league were played Saturday with Cabin 5 winning, the members of the group being William Ramsey, Frank Norton, Myron Well, William Seism, John C. Ross, Walter Cook, William Mills.

This afternoon the boys went off on a supper hike following the afternoon swim and will return about dark.

The horseshoe tournament, now under great headway, should swing into the finals by Tuesday.

The boys will leave camp Wednesday morning and will be escorted to their home by members of the Kiwanis Club. Rural boys will be taken to the Y. M. C. A., where they will be met by their parents.

TRINITY LUTHERAN PICNIC WILL BE HELD WEDNESDAY

A "bargain" is sometimes a bargain—

A GOOD many people look on August as their lucky month—and we don't mean those who spend it lying on the sand and taking in salt air.

We mean those people who have formed the habit of buying things when other people aren't . . . porch rugs and luggage and towels and lamps and all sorts of things, for use now and for use next season.

Of course they have learned that "bargains" are not always bargains. They know how to recognize quality and style and worth, how to find the strong points and how to avoid weaknesses. And much of their knowledge has come from the advertisements in this newspaper.

All of us follow advertising, but some people study it so thoroughly that they know exactly what they want and where to get it. They are the ones who find the real bargains. Their money buys more things and better things—in August and all through the year.

Alleged Killer Caught After Auto Mishap

(Continued From Page One)

ers said he made, helped himself to the green Dodge sedan.

The revolver, according to the statement, Sigmund said he had stolen from his uncle in Union City.

Jumping into the Dodge sedan Sigmund, according to his statement, drove direct to Tillson, arriving there shortly after 7 o'clock Sunday morning.

His First Offense

In his statement Sigmund said he was employed by the Cudahy Packing Company in Jersey City. He said he did not know the full name of the man he had shot, knowing him simply as Dan.

Sigmund's Jaw Broken

When Sigmund was placed under arrest it was found he had a broken jaw. He said he had received the injury some time ago. While being questioned at the court house early this morning he kept a handkerchief wrapped around his head, and seemed to have some difficulty in talking.

After making the confession he signed it.

The gun, which the police say he used in shooting Cottone, was found on his person. He also had a certificate of registration taken out in the name of Joseph Curtis.

Jersey Police Here

When the Union City police received word that the stolen car had been recovered in Ulster county Sergeant Patrick McCarthy, Detective Gerhard Jehn and Detective Arthur Hoehl of the department were hurried to Kingston. They motored here, arriving shortly before 5 o'clock this morning.

"Stole \$11 in Cash"

Sergeant McCarthy when seen at the court house this morning, stated that Sigmund had also stolen \$11 in cash from the pockets of the man he had shot.

Has Broken Jaw

Sigmund, when seen at the court house this morning, had a broken jaw sustained in an auto accident recently. He had a white bandage wrapped about the head and under the jaw and spoke with difficulty.

Waived Extradition

Sergeant Patrick McCarthy of the Union City police force arranged with Sergeant Lockhart of the State Troopers to meet with Assistant District Attorney N. LeVan Haver at the district attorney's office this morning. Sigmund earlier in the morning had agreed to waive extradition to New Jersey.

The facts were explained to Mr. Haver, who drew up the necessary waiver.

Under the provisions of the state penal law a fugitive may consent to return to the state where the alleged crime was committed by signing a written waiver when arraigned before a county judge, or a judge of a court of record.

Sigmund Signs

The waiver was drafted by Mr. Haver and Sigmund was then brought from the county jail where he was being held, and arraigned before County Judge Frederick G. Traver.

Judge Traver explained to Sigmund his rights and asked him if he desired to sign the waiver.

"Yes, sir," replied Sigmund, and he signed the waiver.

Apparently Composed

Sigmund appeared apparently composed while waiting to be taken in before Judge Traver and asked the New Jersey detective several questions in regard to men he knew on the Union City police force.

If he realized the gravity of his situation he did not show it by his appearance.

Following the signing of the waiver by Sigmund, he was taken back to the county jail and Sergeant McCarthy said that the officers and their prisoner would motor back to Union City later in the afternoon.

Former Resident Here

Sigmund's parents at one time ran a boarding house at St. Remy, and for the past two years he has been making his home with his uncle and aunt, Mr. and Mrs. William Jenkins, at 410 Fourth street, Union City.

Sigmund is 5 foot 5 inches in height and weighs 167 pounds. He is 23 years old and is a butcher by trade.

Lucky Break for Officers

Sergeant McCarthy said this morning that the auto accident Sunday evening in which Sigmund's car sideswiped the auto of Aaron Lipkin of Home street, proved a lucky break for the law as through the obtaining and checking of the license plates it was possible to learn quickly that the car Sigmund was driving was a stolen car and that he was wanted for murder.

MARKET FOR FRUITS AND VEGETABLES

New York, Aug. 5 (AP).—(State Dept. of Agriculture and Markets): The following quotations represent prices on sales by commission merchants and other original receivers on the New York city downtown wholesale district up to 8 a. m.

Fancy tender snap beans met an active demand, and prices advanced in a stronger market. Supplies were moderate. Upstate New York bountiful beans realized \$1.25-\$1.50 per bushel basket, occasionally as high as \$1.62½-\$1.75, while poorer realized 75c-\$1.00.

The market for white cabbage and topped beets and carrots was inactive.

The market for cauliflower ruled about steady. Supplies were only moderate as was the demand. The market for celery was about steady. Supplies were moderate.

Offerings in the rough, packed in 2/3 crate brought \$1.25-\$1.50. Fine quality commanded \$1.75-\$2.00, while poorer sold down to \$1.00.

Highball crates brought 50c-75c. The market for green peas was irregular. Prices were sustained on good quality. Upstate New York receipts were moderate, and sales were consummated at \$1.00-\$1.25 per bushel basket, some fine quality, realizing \$1.37½, while poorer sold down to 75 cents.

The market for tomatoes was steady especially for attractive quality. Hudson valley lugs jobbed out from 75c-85c occasionally as high as \$1 and low as 60c.

The market situation and prices showed no decided change since close of last week for apples. Hudson valley Dutchess apples N. Y. U. S. Grade No. 1, 2½ inch jobbed out from 60c-85c occasionally as high as \$1.00 per bushel basket or open crate.

Lake Champlain transparent apples, packed in open crates realized \$1 for the No. 1, 2½ inch and 60c for the No. 2, 2½ inch fruit.

Hudson valley sour cherry supplies were moderate.

30 Persons Injured In Greek Rebellion

Athens, Aug. 5 (AP).—Thirty persons, including five policemen, were reported wounded today as a rebellion broke out in Candia (Ieraklion), Crete. Martial law was declared and the government dispatched two destroyers and soldiers to restore order.

The rebellion originated from a labor strike which turned into rioting. The government claims the disorders are inspired by adherents of former Premier Eleutherios Venizelos, who led an unsuccessful rebellion in Crete and Macedonia last spring.

The reported 30 casualties occurred as the demonstrators sacked the administrative offices in the Cretan city.

A squadron of bombing planes was dispatched by the government to assist the local authorities, who were augmented by troops garrisoned there, in suppressing "at any cost" the rebellion, in which 4,000 striking workmen were alleged to be participating.

Gen. George Kondylis, minister of war, ordered General Bakopoulou, assigned to the trouble zone, to try other means of restoring order before firing on the demonstrators.

Kentucky Counts Primary Ballots Today

(By The Associated Press)

Kentucky counted ballots today and voters in three other states—Virginia, Mississippi and Rhode Island—got ready to cast them tomorrow.

The vote in Kentucky was cast Saturday in a bitter primary contest for state offices marked by minor violence. Kentucky law forbids any count on the day of balloting.

The chief interest of Mississippi voters in tomorrow's primary is the contest for the gubernatorial Democratic nomination which has five participants—Dr. E. A. Copeland, Lester C. Franklin, Paul D. B. Johnson, Dennis Murphree and Hugh L. White. Another 8,000 persons seek 2,500 other minor offices.

Rhode Island's special congressional election tomorrow is expected to test the New Deal as an issue. General Treasurer Antonio Prince, Democrat and espouser of the New Deal, opposes former Justice Charles F. Rick Republican, for the First District Congressional seat which was left vacant when Francis B. Condon, Democrat, was appointed to the state supreme court.

Virginia will choose state senators and representatives.

Two Accidents On Saugerties Road

Troopers Reilly and Metzger were called on to investigate two automobile accidents on 9-W, between Kingston and Saugerties, Saturday, where they report the traffic to have been heavy. There were no serious injuries reported, but the cars involved were badly damaged.

The first accident occurred about one o'clock Saturday afternoon on Federal road, driven by William Saura of Saugerties and an Oldsmobile coupe, driven by Joseph M. Day of the District of Columbia came together. According to the story told the troopers, Saura was attempting to pass a car ahead of him just as Day, who was driving behind the truck, attempted to pass the truck.

The collision took place when both drivers, finding south bound traffic too heavy to allow them to pass, swung back to their right. The coupe was badly damaged.

Saturday night, about 9 o'clock cars driven by Richard H. Wall of Passaic, N. J. and Margaret Feast of University avenue, New York city, collided near Schoentag's Hotel, as the Feast car was attempting to come out from the Glasco road. Both cars were damaged so that they had to be towed to a garage.

Dr. Squire To Speak At Stone Ridge Casino

Dr. Amos Squire, for many years the head physician at Sing Sing Prison, and now medical examiner of Westchester county, is to be the guest speaker at the series of lectures held at the Casino in Stone Ridge next Friday evening. Dr. Squire will be the third lecturer of this series under direction of Holister Surges, Jr.

Dr. Squire has spoken in Kingston before both the Kiwanis and Rotary clubs, and is famous and popular for his narrations of outstanding cases of criminals over which he has had personal supervision. He is the author of a recent book, "Sing Sing Doctor," and on Friday evening he will tell his audience something of his work while a member of the Sing Sing staff.

Announcement has also been made that the Hon. Laurens M. Tamilton, state assemblyman from Rockland county, will be the speaker on Friday, August 23. The lectures begin at 8:30.

St. Peter's Organist's 35th Anniversary

Tuesday, August 6, is the 35th anniversary of Professor John Schwalbach's becoming the organist at St. Peter's Roman Catholic Church on Wurts street.

During this long span of years he has not missed one service, except for several months some years ago when he went on a trip to Germany, the land of his birth. Besides playing the organ at the church, Prof. Schwalbach is choir director. Under his able direction the group of church singers is known as one of the best in the city.

Early in childhood Prof. Schwalbach took up music and has been a devoted student ever since. He has composed a number of pieces for choir work and marches. The professor is an accomplished pianist, too, and has given instruction on this instrument for many years.

Government Backs Johnson In Dispute

Washington, August 5 (AP).—The Works Progress Administration indicated today the federal government was standing behind Hugh S. Johnson, WPA administrator for New York city, in the controversy with City Parks Commissioner Robert Moses, who has questioned Johnson's right to issue orders to WPA workers on park jobs.

Harry L. Hopkins, relief administrator, was out of the city, but his aides pointed out Johnson was given full authority to handle WPA jobs in New York, including park projects, when he was appointed administrator there.

Disorderly Conduct Charged.

John Andrews, 24, of Harlem River Drive, New York city, was arrested Sunday on a disorderly conduct charge. He furnished bail in the amount of \$25 for appearance at 2 o'clock this afternoon before Justice R. J. Mooney at Eldridge.

Fans Anxious To See Kid Chappie Fight For Legion Friday

Since his sensational victory over Larry Burns at Wallkill Prison last week, fight fans are more than eager to see Kid Chappie of Kingston against Kid Boots of Saranac, Friday night at the American Legion stadium.

At Wallkill Chappie used a neat uppercut on Burns, flooring him several times. He won by a knockout, mainly because of the effective uppercut. Experts who saw him beat Burns predict a bright future for the Ponchockie youngster.

Chappie has had three fights to date. He won them all and hopes to score another victory Friday night. He likes to fight and never misses training at the Legion stadium on the evenings of workouts.

Featuring Friday's card is the star bout between Sailor Sully, the 170 pounder from Mechanicville, who defeated Iron Man Frankie Kouchout on the last bill of scraps here, and Kid Lukavits, 168, of West Point. This match is down for five rounds. Both scrappers are hard punchers and a knockout may shorten the engagement.

In the semi-final of five rounds, Charlie Forezzi, 122, of Albany, the boy who fanned Billy Buckman of Kingston on the last card, will fight Johnny Edwards, 120, of West Point. This is a special challenge match, Edwards having made the deft after Forezzi kayoed Buckman.

Other matches on the card are: Leander Robins, 130, Kingston, vs. Artie Kahn, 120, Albany, 3 rounds.

Jack Sharkey, 145, West Point, vs. Benny Ross, 147, Mechanicville, 5 rounds.

Kid Miller, 140, Kingston, vs. Billy Lawrence, 142, Albany, 3 rounds.

Abe McEntee, 165, Ellenville, vs. Greg Rudnick, 168, Albany, 3 rounds.

E. G. Draper Is New Roosevelt Appointee

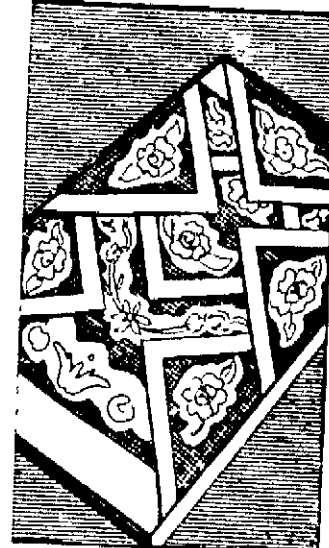

Washington, Aug. 5 (AP).—Ernest Gallaudet Draper of New York was nominated by President Roosevelt today for assistant secretary of commerce.

At the same time the President submitted a number of other appointments to the senate.

Draper, nominated for assistant secretary of commerce, will succeed John Dickinson, who recently was shifted to the justice department to handle anti-trust suits.

A DANGEROUS BILL

When liberty of speech is gone, all other liberties go with it. Anyone who stops to think a moment will realize that this must be so.

It is possible that the proponents of the military disaffection bill, which passed the senate and is now pending in the House, did not realize the lengths to which the language of the bill committed them. This language, to say the least, is ill-considered. Under the guise of fine or imprisonment for persons who deliberately try to incite revolt in army and navy, it clamps censorship on every private letter to a soldier or sailor, every expression in newspaper or magazine saying that peace is better than war. There are already plenty of laws against mutiny, revolt, and treason in its various forms. This bill should be killed at once.

MAPITIS.

A new word is coined by Parker T. Moon, professor of international relations at Columbia University. It is "mapitis," meaning "inflammation of the map," and prevails throughout Europe. European statesmen are poring over the map hysterically, trying to figure out some way to extend their own boundaries at the expense of their neighbors. But the resistance on the other side of the "line" is as strong as their pressure.

Such a mental occupation is sure to make trouble. Sooner or later some statesman or nation a little more resentful than the neighbors, or a little stronger, will undertake to break through the boundaries left by the Versailles Treaty, and then there may be a geographical free-for-all. Hitler wants Russia's Ukraine and smaller odds and ends of more or less Germanized territory. The little Balkan nations would all fight again if they thought they could annex a few more square miles. Mussolini, craving space for his people as hungrily as any living statesman, spurs Europe and starts carving Africa.

There is the biggest available outlet for European population and energy. Africa has ample space, with ample natural resources, to satisfy all the crowded nations, if they would only be decent about it, and divide up that great continent according to their needs, not their ambitions and envies. It could be done, perhaps, without undue hardship or unfairness to the African natives, if the civilized nations would act civilly.

But the vast areas mandated to allied powers after the World War would have to be re-allotted and some other concessions made. Great Britain, with the British Lion's portion, would be the chief loser. France and one or two smaller nations would have to make sacrifices. In return for this, all would probably prosper more, and European wars might be averted for decades to come. But it is probably too high a price for human nature to pay. Land-hunger will continue because of land-gluttony. So nations will sacrifice their immediate welfare and perhaps their ultimate existence.

WHEAT AND RELIEF.

The widespread movement to drop from relief rolls everyone who refuses a job ought to accomplish a number of things. In the first place, it will get the wheat harvested in South Dakota and elsewhere. In the second place, the action will take off relief rolls able-bodied but lazy men who prefer a dole to a job. An official start toward this end is likely to stimulate in children everywhere an interest in plain, hard work.

Again, the situation ought to help clarify some of the problems of relief administration which have been recognized here and there without being brought to any sound, general solution. It has been true in some places that heads of families have been afraid to take temporary jobs because to do so would put them off relief rolls. When the job ended,

they would have to go through, all over again, application, investigation and long waiting before they could obtain needed help. In other places the temporary job has been encouraged by a system which budgeted the money earned with the relief money, giving less of the latter. This encouraged the self-respecting worker to try for every job he could. The more he earned himself for his family, the better they all felt. Some such system ought to be in force generally, so that no family head would feel that he dared not take a temporary job but must wait for something "secure" or "permanent". Americans want unemployment and dole both eliminated as soon as possible. This harvest-season relief flurry is only one phase, but it may help to advance the ultimate solution.

Bitter Fight Over Flood Rehabilitation

Albany, N. Y., Aug. 5 (AP).—A bitter political controversy raged today over the handling of rehabilitation work in upstate New York's flood area where high waters four weeks ago claimed 75 lives and caused damage estimated at \$25,000,000.

Dissatisfaction over the "failure" of the federal government to furnish labor necessary for debris clean up and reconstruction was expressed in several sections, while the lack of sufficient funds was declared by others to be delaying work.

Republican State Chairman Melvin C. Eaton charged that the handling of relief "has been marked by the most complete breakdown which has been seen during any state or national emergency in many years."

DIET TO PREVENT ACNE

I write often about acne because of every group of boys and girls emerging into manhood and womanhood a certain percentage will be afflicted with this distressing ailment, just when "the face or complexion means so much to their happiness."

I have written of the success attained by Chicago investigators by the use of violetol, and of investigators elsewhere who advised cutting down on fat and starch foods and increasing fruits and green vegetables.

In the British Journal of Skin Diseases, Dr. A. Whitman considers that in the teen age the sebaceous or oil glands are often not working properly; that the blood supplied these glands may vary slightly from normal at times and change in this slight difference or quality of the oil in these glands becomes altered. Thus it cannot flow freely out onto the surface of the skin, gets dammed back, and the acne or pimple is formed.

Dr. Whitman believes that the whole cause of this change in the blood which in turn alters the condition of the oil arises in the intestinal canal.

Of course some skins seem to lend themselves more readily to the formation of pimples; those with naturally large and very active glands suffering more from the upset and hence from acne, than those with less active glands.

The first treatment then is a matter of diet. He points out that it is not wise to cut down too heavily the diet of rapidly growing youth and therefore suggests the following:

Cheese of all kinds, chocolate, cocoa, and sweet puddings should never be eaten as they are rich in fat and hard to digest. Bacon, ham, sausage, duck and goose are cut down to a low point because they contain so much fat, as also should butter, cream, milk and eggs for the same reason. Skim milk may be taken freely.

All other meats, fish, fruit and vegetables especially leafy vegetables and carrots should be eaten freely.

This does not mean that the various methods of treatment both internal and external should not be used because experience shows that they help to clear up more rapidly fresh crops of pimples that occur. But the proper diet—fat free—with green vegetables helps to prevent the formation of the pimples.

HARDENBERG MAKES TOUR SEEKING FURNITURE

A few days ago William Hardenbergh of the Hardenbergh Furniture Company made a tour of the New England furniture factories and made arrangements for a new stock of furniture which will arrive for the opening of his new store at 22-24 Main street. One of the most interesting factories which he visited was the W. F. Whitney Company plant at South Ashburham, Mass., where line of early American maple furniture will be handled by Mr. Hardenbergh at his new store to which he will shortly move from his present quarters on North Front street where he is now holding a removal sale.

Back at Bathing Job

New York, Aug. 5 (AP).—Ann R. Shiley, 21-year-old Chicago girl who preceded George M. Cohan's Broadway show as a bathhouse attendant today and was being hailed as "the girl who saved the bathhouse," was back at her job at the bathhouse today.

Shiley, who was sent to the bathhouse by the police, was found by a police officer at the bathhouse today and was sent back to her job at the bathhouse.

Lynched

C. L. Johnson was dragged from a jail at Yreka, Calif., and lynched after accusations that he fatally wounded Police Chief F. R. Daw of Dunsmuir who had attempted to arrest him as a robbery suspect. (Associated Press Photo)

Hex Slayer

Mrs. Matilda Waldman, 46, (above), admitted fatally shooting Mrs. Ida Cooper at Cleveland because Mrs. Cooper was believed to have cast a "witchcraft spell" over the Waldman family. "I feel better now," Mrs. Waldman said. (Associated Press Photo)

Thus far, the death rate from alcoholism among insured wage-earners has registered substantially no change since the repeal of the prohibition amendment. During the first six months of both 1933 and 1934, the death rate from this disease was 2.2 per 100,000; during the like period of 1935, it was 2.1 per 100,000.

Shaffer Newton Vosburgh
A pioneer has passed away. At his home in Shady, the town of Woodstock, Ulster county, the home in which he was born and lived all the days of his life, Shaffer Newton Vosburgh died on the evening of Wednesday, July 31, at the age of 73. He was a true pioneer of a pioneer family. Mr. Vosburgh's ancestors, leaving Holland at the dawn of the 17th century, sailed up the Hudson and settled on the banks of what is now Dutchess county. Peter Stuyvesant still held New Amsterdam when these sturdy pioneers arrived in what was soon to become New York.

From Amenia, in Dutchess county, Richard Vosburgh, a glass blower, the grandfather of Shaffer, came to the town of Woodstock to accept a position in the glass factory, situated in Pecor Hollow near the source of the Saw Kill, on the north side of Overlook Mountain. Later, he settled on the Boggis Place on the south slope of Overlook where James Vosburgh, Shaffer's father, was born May 27, 1824.

Just before the outbreak of the Civil War, James Vosburgh and his brother, Albert, bought the old Powder Keg Mill on the Saw Kill at the head of the charming Little Shady valley, and shortly thereafter converted it into a turning mill, of which James soon became the sole owner. Henceforth it was known as "Vosburgh's Mill", passing into the hands of his wife, Catherine A. Vosburgh, at the death of James, February 16, 1889, and at her death, June 6, 1902, to their two eldest sons, Stanley R. and Shaffer N. Vosburgh, who, as Vosburgh Brothers, were partners in every sense of that fine old word until the older brother, Stanley, died April 25, 1922.

In September, 1919, the old Vosburgh Mill became the property of Vosburgh & Stone, the son and son-in-law, respectively, of Stanley and Eugenia Vosburgh, Shaffer Vosburgh retiring along the way to the charming and picturesque yellow cottage on the green flanked by its well kept garden of vegetables and flowers. There he was born; there, on October 11, 1888, he brought his bride, Hannah Catharine Cooper, the attractive, brilliant little red-haired teacher of the Shady School, daughter of William F. Cooper of the pioneer family from which Cooper's Lake took its name; there, with her, their children and grandchildren each summer gathered about them, in retirement he quietly spent the last 16 years of his happy peaceful life, taking a turn in the mill for diversion whenever the spirit moved him.

Young Shaffer Vosburgh got his early "schooling" at the Shady School, missing by a few years the rare privilege of coming under the early influence of Hannah Cooper, in whose sweet companionship he pursued his long and fruitful course in adult education of the highest type. Although sticking close to his mountain home in Shady, Shaffer Vosburgh was in no sense provincial.

For business or for pleasure, he made his occasional trips to New York city. Always alert to learn by seeing and hearing, he counted his visit to the first great World's Fair at Chicago a liberal education—and so it was, a post-graduate course, so to speak.

Mr. Vosburgh was a truly educated man; he was master of his environment. He knew not only facts and things, but also people. He knew the human heart. He loved mankind. Of him it might truly be said that he was educated in the Kindergarten of God, and he knew that "we are all children in the Kindergarten of God."

Although not a religious man in any narrow sense of that term, he was a true Christian. In his life he expressed the Golden Rule. He was not introspective. He did not judge others, nor try to make them "good". Yet he discovered the secret of the good life and led it to the full, with a gay spirit. He was a cup of strength to all who drank with him at the stream of life.

Perhaps his outstanding characteristic was his almost childlike faith and simplicity and confidence; his gaiety, his love of play, his fondness for stories, which he told with glee and heard with attention in tears or in laughter. No man ever enjoyed a joke more than Shaffer Vosburgh, and most of all perhaps when it was on him, but it was hard to get one on him.

Naturally, then, he was beloved by all who knew him, and by none more than by children. I doubt if he ever had an enemy in the world. Indeed, in my 20 years of acquaintance with him, the last eight as a neighbor and resident of the Shady community, I never heard Shaffer Vosburgh spoken of except in terms of respect or endearment, and I never heard him speak otherwise of his neighbor, nor of any man. But most of all I shall remember how the children loved him and delighted to hear and recount his stories and his jokes.

When his children and his grandchildren visit his last resting place here on earth, whenever one of them goes there to put a flower on his grave in the little village cemetery at Woodstock, I know he can truthfully say what we all long—most of us vainly—to have said of us when we are laid to rest:

"He who lies here never caused me one moment of pain."

Words counted with Shaffer Vosburgh, but deeds counted even more. Generosity was as natural to him as patience and good humor. Robert Ingersoll once said he had known men who would trust their wives and children with their hearts but never with their pocketbooks. It was characteristic of Mr. Vosburgh that he would throw his pocketbook on the table, saying to his children, "Take what you need, only leave me enough for tobacco."

Nor was his generosity confined to his family. He was prodigal with his purse, not only with his friends and neighbors, but with strangers as well.

This character sketch of Shaffer Vosburgh would not be complete

'NEW WASHINGTON' CREATED WITH \$75,000,000 OUTLAY

Here is the "new Washington" that has arisen to help house the United States government. It is a vast array of new buildings near the center of the capital, constructed in the shape of a triangle and bounded on one side by the newly created "Constitution Avenue." The parent building shelters the department of commerce and was built during the Hoover administration at a cost of \$17,200,000. Up Constitution avenue toward the capitol (upper right) run the department of labor (\$4,740,000) and the interstate commerce commission (\$4,450,000), with a \$1,998,000 connecting building. Adjoining (left) is the postoffice building which cost \$9,300,000. Farther up Constitution avenue come the departments of internal revenue (\$10,400,000 with extensions) and justice (\$10,255,000). Next is the archives building costing \$12,017,000. A \$3,000,000 structure is proposed to close the apex of the triangle. Building in middle background is Union station. Associated Press Photo

without a few words about his sportsmanship and his fortitude. His horsemanship was well known to all the old timers of Woodstock. He and they delighted to recall the stories of his horse racing on the ice of Cooper's Lake, where his famous trotter "Duke" won many a race.

On the evening of July 24, failing to answer the supper call, his faithful Hannah found him lying in his garden. The ground bore unmistakable signs of his struggle to rise without summoning help. Feebly answering her call as she approached, in reply to her question, "Are you hurt, Shaffer?" he said, "Take my hand, pull me up and get me on my pins, and I'll be all right." These brave words might well serve as his epitaph.

On Saturday, August 3, following the simple service at the cottage of his birth, on the banks of the murmuring Sawkill, across the road from the old mill, his stricken family and sorrowing friends gathered under the sunny skies at the cemetery in Woodstock—the little village of sweet happy memories—to pay their last tribute to a faithful, loving husband and father, to a true and loyal friend, to a grand old pioneer who had passed on to a higher life.

Besides his wife he is survived by his son, James Cooper Vosburgh, an engineer occupying an important position with the Chicago Bridge and Iron Works; his daughters, Mrs. Elsie V. Rowe, of Wilmerding, Pa.;

Mrs. Helen E. Weaver, of Williamsport, Pa., and his foster daughter, Mrs. Gertrude C. Babcock of New York city, a niece, who was raised in the Vosburgh home. He was survived also by six grandchildren, James Cooper Jr., and Richard Henry Vosburgh; Malcolm James and Roger Vosburgh Rowe; Paul Vosburgh and Howard Terrance Weaver, all of them with their parents, excepting only Mr. Weaver, were present at the funeral.

Becky Sharp

August 3, 1935
Outstanding is the comment on the R. K. O. Pioneer Picture about to appear at the Broadway Theatre, The Federation of Women's Clubs some of which have already appeared.

Becky Sharp is another historical drama, but with the new color technique giving life and warmth of picturization and interesting possibilities. Becky Sharp is based on Vanity Fair. The novel of Napoleonic Era by Thackeray, and portrays the heroine from the time she leaves a fashionable boarding school in England, where she had no rank or status, through her career in a vain attempt to gain her ambitions. The photography is beautiful. The Kingston Council for Better Movies recommends the picture as one well worthy of the public support.

WALTER T. ELSTON,

At The Theatres

Today

Broadway: "Becky Sharp." The full beauty of a new technicolor makes this costume play a milestone in the history of the motion picture art. Done entirely in the richness of natural coloring, it opens up a fascinating field for the future. The story itself is well known, for it is the screen version of Thackeray's "Vanity Fair," and the heroine is probably the most noted flirt in the history of the world. Becky Sharp, conceived and concerned only with herself, has kings and noblemen in her grasp through the pleasurable method of making herself attractive in the eyes of men. She weaves her way into the history of Europe at the time of Napoleon and does as much damage as the Little Corporal. Yet despite all the history and intrigue of yesterday Europe, the show is noteworthy mostly because of its coloring, so well done that the picture is beautiful to see. The technical staff learned more about the color processes as the film continued, and the latter scenes are even more brilliantly and realistically done than the opening shots. Miriam Hopkins, Alison Skipworth, Cedric Hardwicke, Billie Burke, Frances Dee and a host of

lessor players all contribute interestingly done performance. A don't miss attraction.

Orpheum: "Clive of India." The life of one of history's greatest empire builders is brought to the screen with Ronald Colman in the role of Clive. As a young clerk in the India Trading Company, he rises to be one of England's most successful military men, and through his genius, all India is brought under British domination. This play also tells of Clive's romantic love story, and nothing has been spared to make this an elaborate and entertaining production.

Kingston: "Escapade." A smart treat is in store for the followers of William Powell and Luella Rainer, his new leading lady, becomes a new screen personality in one of the finest performances the screen has seen in many a warm summer day. It's the story of a man and woman with the one seeking excitement and life and the other asking only for romance. William Powell, cast as a devil may care aristocrat, was never more at home than in this play and his work is consistently good. Miss Rainer, as the girl who teaches him the meaning of love, is both attractive and capable, and a fine supporting cast offers Virginia Bruce, Frank Morgan, Reginald Owen and Mady Christians. Well done entertainment.

Home Institute INTRODUCTION ETIQUETTE

VALUE OF GRACIOUS MEETINGS; PARTINGS

Presenting two acts of a little drama from real life! Scene one—the introduction. Scene two—the leave-taking. It's a drama in which you play a leading part every day. How you play it may mean popularity—or the opposite.

The episode in our illustration will have a happy ending—you can see that! Let's find out why.

The hostess knows how to introduce a man to a woman graciously. She puts them at their ease right from the start by saying: "Miss B., I'd like to introduce Mr. J." (Note: she takes care to speak to the woman first and to pronounce both names distinctly.) She knows that it's awkward to say "Let me make you acquainted with so-and-so." She wouldn't use the elaborate "Let me present" or the ungracious "Meet Mr. B."

The young woman says, "How do you do," with a pleasant smile—and she may hold out her hand. The young man thinks: "What a charming girl!" (He's met women who blurted out, "Pleased to meet you," or drawled, "Chawmed, I'm sure.")

Leave-Taking

When the young woman leaves she again creates a good impression. Her leave-taking is brief—as it should be. She doesn't dally unnecessarily, keeping her hostess standing in the doorway. To the young man's parting remark, "I'm glad to have met you," she says, "Thank you," with a warm smile, and extends her hand. You may be sure the young man will see her again.

Here's List Of Things To Eat At Your Summer Vacation Camp

Choose Foods Carefully and Summer Will Be Pleasant,
Healthful for Children and Adults

By PETER G. TEN EYCK
Commissioner, Department of Agriculture and Markets
Albany, New York

FOR those who camp during vacation. Plenty of milk, sweet milk, cream, nearness of a well-stocked farm where an abundant supply of fruits and vegetables late and other food substances, to fresh from garden or field can be gathered with fresh fruits and vegetables obtained is a most important asset. It will do more than anything

Correct food selection is important on a camping trip.

Failing in this, ready access to nearby markets and fruit and vegetable stores and good sources of milk and dairy products should be provided.

An abundant supply of rich, clean milk is a matter of utmost importance. Fortunately, New York State is the leading fluid milk state in the United States and also stands among the foremost in production of fruits and vegetables. New York State camp sites are therefore generally in close proximity to fine fruit and vegetable and dairy farms, where plenty of fresh garden and dairy products can be obtained daily.

Feeds for Holidays

Remember that the food list for each day should contain a quart of milk for each child, including that used in cooking and on cereals, and a pint or more for the grown-ups. While we are in camp, we should be reminded that milk not only is Nature's own best food but particularly that it is health pro-

vide to build up jaded nerves and bodies.

Dark, whole grain cereals and bread should be on the camp menus. Hard bread is best because it induces chewing, which is good for the teeth, and increases the secretion of digestive juices. Ample supplies of butter should be used liberally in preparing foods as well as a spread for bread.

Potatoes and two other vegetables every day are almost a necessity. Bulky greens are economical and healthful and usually are close at hand. Keep in mind best tops, cabbage, chard, spinach as well as fresh fruits of many kinds. At least one egg a day is essential. Meat and fish are neither necessary nor desirable more than once a day.

A little folder giving 20 tested recipes for "Snappy Milk Drinks" suitable for the summer camp may be had by mailing a request to the Consumers Information Service, Department of Agriculture and Markets, Albany, N. Y.

LONGYEAR PROPERTY DISPUTE UNSETTLED.

Woodstock, August 5.—The additional pavement on the new highway, contracted for by the town, has been left so far with a break at the Longyear building where property claimed by Stanley Longyear reaches more than a foot into the proposed pavement. After a heated argument, waited for all day by interested townspeople, the matter was still unsettled Saturday morning. Stanley Longyear, supported by his lawyer, A. J. Cook, claimed that his property extended to the curbing removed by the contractors on Thursday. This curbing, he said, was in the same position as when he purchased the old Woodstock Valley Hotel. The construction engineer, Vogt, believed that the plans the contractors are working from show this disputed section to be state property. D. V. Z. Bogert, county assistant engineer, who had been sent Friday by state authorities to investigate the delay, arrived at about 2 o'clock to discuss the matter with Mr. Longyear, A. J. Cook, Mr. Vogt and George Neher, the only member of the town board present. Albert Cashdollar, town supervisor, was too busy writing out town checks to enter the controversy. The contractors are waiting for permission from state highway authorities to finish the pavement in front of the Longyear building. Mr. Bixby, district highway engineer from Poughkeepsie, has been sent for and is expected to arrive today to settle the matter.

"Incredible as it may seem," says John H. Baker, executive director of the National Association of Audubon Societies, "an executive order issued

BARBARA BELL FASHION PATTERNS

Pattern Nos. 1564-B and 1567-B

No. 1564-B—Simple Dress for Summer Mornings

For summer mornings, or any mornings, winter, fall, or spring, most women like the sort of practical little wash frock illustrated, to wear about the house.

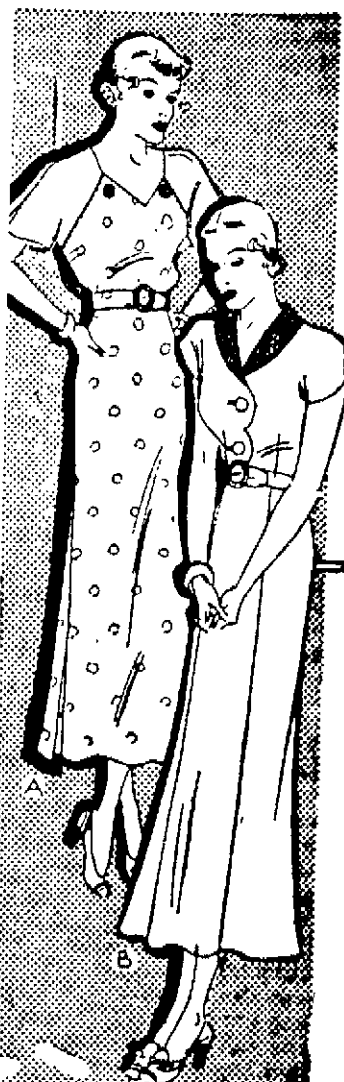

This frock is most interesting from a style viewpoint. The bodice is cut with two points, almost like a halter, and then the sleeves are in one with the deep yoke, which forms the greater part of the back. This back portion, and the sleeves may be of contrasting material. The skirt has inverted pleats at the side seams, to provide room for action.

Barbara Bell Pattern No. 1564-B is designed in sizes 34, 36, 38, 40, 42, 44 and 46. Size 38 requires 3 1/2 yards of 36-inch material for the dress, made of one material, or 2 1/2 yards of 36-inch material, and 1/4 yard for contrast for design with contrasting yoke and sleeves.

No. 1567-B—A Smart Dress, Especially Good for Wash Fabrics

A very good version of the popular shirtwaist dress has scallops to enliven the front closing. The sleeves have the same rounded line, and are very short, to keep you cool. The collar is a becoming turnover, ending at a modest V. A panel effect appears in both back and front of the skirt, and the waistline is very trim and neat, with its tailored belt.

Barbara Bell Pattern No. 1567-B is designed in sizes 14, 16, 18, 20, 40 and 42. Corresponding bust measurements 32, 34, 36, 38, 40 and 42. Size 18 (34) requires 3 1/2 yards of 36-inch material, and 1/4 yard of 36-inch contrast for collar and front facings.

Tomorrow: Smart new version of the shirtwaist frock.

in the stomach is a common disorder causing much discomfort.

Gas inflates the stomach, forcing it to crowd the heart and makes it beat irregularly. The lungs are crowded and because they cannot properly expand, the patient often takes a deep breath to get enough oxygen. FINANCIAL AND COMMERCIAL

By CLAUDE E. JACOB

New York, Aug. 5 (AP)—Buying of the oil and utilities gave the stock market another forward tilt today despite profit taking surges which dented some of the recent leaders.

The trading pace, while not quite up to Saturday's final hour, was faster than usual. The news, generally, appeared to be to the liking of the financial sector, although the plethora of idle funds and high hopes for fall and winter business were seen as the main market influences.

A rally in wheat encouraged recovery proponents. Cotton and other commodities were included to moderate the advance, but the majority of corporate bonds more than held their own. Foreign exchanges were quiet and narrow.

Shares of Seaboard Oil got up 2 points and others, up fractions to a point or more, included Standard Oil of California and New Jersey, Phillips Petroleum, Atlantic Refining, Continental Oil, Ohio Oil, Mid-Continent Oil, American Telephone, North American, Western Union, Standard Gas and Celanese. There was a brisk turnover of Commonwealth & Southern at a slight gain.

Death Man Held For Hearing.
Morton Mayer, 23, of Delhi, was committed to the Ulster county jail early this morning to await a hearing at 2 o'clock this afternoon before Justice J. W. Clancy at Poughkeepsie. He is charged with public intoxication.

Gen. Mitchell Dies.
Tucson, Ariz., Aug. 5 (AP)—Gen. Frank Harris Mitchell, former postmaster general and publisher of the Tucson Daily Citizen, died at 3:30 a. m. today in the desert sanatorium of pneumonia.

Speech Expert At Rotary Meeting

Charles H. Hall, recognized public speaking and personal efficiency expert, will be the guest speaker at the Rotary luncheon to be held tomorrow noon in the Hotel Governor Clinton. Mr. Hall has been associated with Columbia University for many years and his talk is expected to prove exceptionally interesting to Rotarians and their guests.

Before taking up the work of teaching public speaking, Mr. Hall was active in civic and welfare work and he also served as an officer in the World War. He is also a member of the bar of the state of New York. He has been teaching in Woodstock during the summer months.

MILLIONS LOST TO BONDHOLDER RING

Washington, Aug. 5 (AP)—Evidence disclosing the existence of so-called "chain committees" of bondholders centered in Chicago and New York and controlling millions of dollars' worth of defaulted realty bonds was made public by Congressman A. J. Sabath, chairman of the house committee investigating receiverships.

Evidence concerning the operations of the committees and their affiliates in continuing to be uncovered, with the result that prosecution may be requested for violation of a number of federal and state laws, Sabath declared.

The chain committees, he declared, control from a few issues up to as many as 400 issues of realty bonds aggregating in par amount from a few million upward of \$200,000,000.

The chain committees, the congressman said, form but one aspect of a "national racket" through which 20,000,000 citizens have been affected. Nearly \$8,000,000,000 of outstanding realty bonds are in default, he reported.

Control or administration of the chain committees is nationwide, the congressman reported.

Sabath said he had found instances where the so-called "protective" committees destroyed the value and income of the property involved to enable the house of issue to purchase back the bonds "for a song." He added:

"We have discovered instances where committees have taken bonds sent in to them and posted them as collateral for loans to pay expenses and big fees—5 per cent to the protective committee, 5 per cent to a management committee, 5 per cent to the lawyers, and so on down the line.

"They are resourceful and determined to get away with everything they can."

Ghost Stories

The British museum, probably the greatest treasure house in the world, is constantly receiving from every quarter of the globe strange and often beautiful products of man's skill and ingenuity all down the ages. Many of these belong to dead civilizations, but large numbers illustrate the customs and fashions of savage races. Recent acquisitions of the latter kind are two stone slabs from the Ngila and Lortia tribes of central Australia, usually reckoned the least advanced of the human species. These slabs are called Churinga, and are believed to contain the spirits of men. One of them bears circles and symbols which tell how grasshoppers, at a place called Ngapitjima, flew into the air and coming down as men, entered this stone. The other describes wild cat men—Titi Bits Magazine.

Estate and Inheritance Taxes

Estate and inheritance taxes are among the most ancient means of raising revenue for government. A death duty was collected more than 2,500 years ago in Egypt. Augustus introduced the tax in Rome for the support of his army more than 1,800 years ago. Some kind of estate or inheritance tax is collected in virtually every civilized country. An estate tax was imposed by our federal government as early as 1796. It was repealed five years later, to be reimposed during the Civil war and again to help pay for the Spanish war in 1908. Pennsylvania imposed a death duty in 1853 and this experiment has been followed by the great majority of the states.

Rays From Fireflies

The rays emitted by the common fireflies are remarkable in being almost entirely light rays. The light of the firefly may be rated at 100 per cent; this light, therefore, is perfect, and as yet unapproached by artificial means, says a writer in the Montreal Herald. One view is that the light is a warning signal to nocturnal birds, bats or other insectivorous animals. This is supported by the fact that the luminous rays are refuted by birds in general. In some species the eggs are also luminous.

Student Fire

The fire department was called out by a still alarm Sunday at 11 a. m. to extinguish a flame in some student on the deck of the Western Oil Company on East Street.

3 Persons Killed

Liegnitz, Germany, Aug. 5 (AP)—Three persons were killed, 20 were injured, and six are missing as the result of a cave-in in a local beach quarry.

DIVER WILL HUNT LA SALLE'S VESSEL

Hulk in Lake Michigan May Be Mystery Craft.

Menominee, Mich.—Efforts to identify the water-soaked hulk in Lake Michigan waters, believed to be that of the Griffon, first sailing ship to ply the Great Lakes which mysteriously disappeared in 1679, will be resumed this summer.

John Beattie, veteran diver of Detroit, Mich., has offered his services free in an attempt to learn more of the Griffon, built by the French explorer LaSalle 256 years ago.

The ship last was seen at the site of the present Detroit harbor, Washington Island, Green bay, where it was loaded with valuable furs. LaSalle sent the ship on its return voyage under the command of Luc, a sailor. The explorer remained to probe into the secrets of the "strange" surrounding country.

In letters to friends after the ship was never seen again, LaSalle expressed the belief that Luc betrayed him, stole the furs, and scuttled and burned the ship. Some historians, however, believe the ship sank in a storm, carrying all hands down with it.

Efforts to raise the hulk in Lake Michigan waters were abandoned in the winter of 1833-34 because of financial difficulties. It was found that a large hole had been made in the bottom near the stern and that the upper part of the craft had been burned.

Fat Teachers Not Jolly Enough; Board Bars 'Em

New York—City school authorities are opposed to fat teachers on aesthetic, physical, and psychological grounds.

The fat is not jolly, it's said. That is the substance of an explanation of its refusal to license overweight teachers, presented by the board of examiners to state commissioner of education, Frank Graves.

For ten years the board has been refusing to license fat teachers. There had been no formal protest until it turned down Miss Rose Freistater.

She weighed 182 pounds when she took her examination in 1931. The board gave her six months to reduce to 150.

Miss Freistater made heroic efforts, but in vain. Dieting and exercise took off only 20 pounds. She did not get her license. She appealed to Commissioner Graves.

The principal reason for its act, the board said in its report, is that medical experience indicates that markedly overweight or underweight persons have a relatively high mortality rate, so that hiring fat teachers would deplete the pension fund.

"Teachers should be acceptable hygienic models for their pupils," the report continued, explaining its esthetic opposition to fat people.

Couple Save Pennies to Provide Park Vacation

Yellowstone Park, Wyo.—The old maxim "a penny saved is a penny earned," multiplied 12,007 times, provided a neat Yellowstone Park vacation for Mr. and Mrs. George R. Swalley of Glendale, Calif. Each day as Mr. Swalley, a confectioner, totaled up his receipts, he separated his coppers and, metalically repeating the old adage, dropped the coins into a large sugar sack.

When the collection reached an aggregate of 98 pounds, the couple spent several hours on an inventory and found that their savings were worth \$122.07. They then decided on a vacation to Yellowstone Park. The sackful enabled them to go from their California home to Omaha and return by way of the park.

Water Control Project Starts Big Boom in Town

New Philadelphia, Ohio—A boom has started in real estate and building activities in the Muskingum watershed conservation district, where a \$34,000,000 flood-control project is getting underway.

Jobs for more than 1,800 persons already have been created, resulting in a shortage of houses. Building trades employment has increased 25 per cent. Real estate transfers are the highest in five years.

Most sales of land following the acquisition of land for the project have been cash transactions. The district has paid \$331,495 for land so far.

Along with increased real estate activity, rents have been raised \$3 to \$10 a month in some localities.

Widow Pays Off Debt in Silver Dollars

North Little Rock, Ark.—Mrs. B. Fleischer, eighty-one years old, paid off a \$1,000 mortgage on her home recently in silver dollars.

S. J. Finch, holder of the mortgage, was offered a cashier's check on a local bank for the amount of his mortgage, but refused, asking that he be paid in legal tender.

Mrs. Fleischer returned to her bank and obtained the sum needed in coins.

Because Finch could not deliver an abstract after the mortgage had been paid, attorneys for the aged widow deflected \$25 to be held by the county clerk until the paper was delivered.

Finch was forced to call upon his bank for an armed messenger to carry the silver there for deposit.

Rover Lynched

Pittsburg, Mo., August 5 (AP)—Bodie Bates, a negro, accused of attempting to attack a 12-year-old white woman of Pittsburg Saturday night, was lynched by a mob which stormed the Calverton county jail last night. It was reported here today.

Ethiopian Situation May Strike A Snag Over Conciliation

(By the Associated Press)

Rome—Italy, forecasting snag for conciliation commission, pushes troop movements.

Geneva—Conciliation commission meets to name fifth member and resume arbitration.

Paris—French circles pessimistic for peace efforts of coming tri-power conference.

London—Government launches work on proposals for Paris discussions.

Castel Gandolfo—Pope expects violation of peaceful conciliation principle, but spread of Catholicism.

Fresh Impetus

Rome, Aug. 5 (AP)—Italy's military program in East Africa took on fresh impetus today as informed sources forecast immediate snags for the revived Italo-Ethiopian conciliation commission.

Offers of voluntary enlistment for action against Ethiopia mounted at Fascist headquarters, the National Federation of World War Storm Troopers pledged its support anew, and more troops, workmen and war materials sped to East Africa.

While the government awaited news from Geneva of the reopening of the conciliation commission's discussions, informed quarters said the four conciliators might encounter difficulties at once in naming a fifth arbitrator.

These sources said that such an equally balanced commission, which had to be resuscitated by the League of Nations Council after reaching an impasse, would find trouble in agreeing on the nomination of a fifth, neutral member.

The National Federation of World War Storm Troopers submitted to the government a request for admission into the East African service.

Their request was the second they have made since II Duce started forming divisions for East African service.

The regular program for supplying Italy's colonies with troops, workmen and materials proceeded apace.

Report Denied

Tokyo, Aug. 5 (AP)—High officials of the foreign office said today that reports in Addis Ababa that Japan had contracted to sell arms or send a military and commercial mission to Ethiopia were "entirely without foundation."

These officials said the question of sale of arms to Ethiopia, either by the government or by private firms, had not arisen and that no applications or permits for such sale had been received. An army spokesman likewise denied the report.

Deficiency Bill Is Reported Today

Washington, August 5 (AP)—The second deficiency bill carrying \$272,000,000, a slash of \$36,000,000 from the total approved by the Senate and an increase of \$43,000,000 over the House figure, was reported back from conference today to the Senate.

The conference lopped off \$10,000,000 from the \$12,000,000 for public building construction outside the District of Columbia, leaving the total \$60,000,000 for this purpose.

They also eliminated the \$10,150,000 added by the Senate for construction at military posts, cut the fund for TVA dam construction from \$23,000,000 to \$26,000,000, and reduced the trade commission textile and milk investigation fund from \$300,000 to \$200,000.

LONG ISLAND MEN GET \$10 FINE AND SUSPENDED SENTENCE

Charged with creating a disturbance at Edenville, John Flynn, 39, of 5007 47th street, Woodside, L. I., was arrested Sunday night by Troopers Reilly and Metzger.

Arrested before Justice R. J. Mooney, he was fined \$10, and given a six months' suspended sentence. Flynn was committed to the Ulster county jail, but expected to raise the \$10 today.

SUCCEEDED RAY VANBUREN AS SAVINGS AND LOAN OFFICERS

The recent death of Raymond C. Van Buren caused vacancies in the offices of director and vice president of the Kingston Co-Operative Savings and Loan Association. At the recent monthly meeting of the board Jay W. Rittenbury was elected vice-president and John B. Kearney director, to fill these vacancies.

PAYS \$10 FOR CREATING DISTURBANCE AT EDENVILLE

John A. Adewill of West New York, N. J., charged with making trouble at Schumann's Hotel, Edenville, was arrested Sunday by Troopers Reilly and Metzger. He was arraigned before Justice R. P. Mooney, charged with disorderly conduct, and was fined \$10.

HOLLYWOOD SIGHTS AND SOUNDS

By ROBBIN COONS

HOLLYWOOD—Two events combined to bring Errol Flynn into the Hollywood limelight within these past few weeks. The first was his elopement with Lili Damita, the second his selection as "Captain Blood" in the new film version of that swashbuckling novel.

Errol is Irish, 26, tall, handsome and adventurous. He has written short stories and some verse, and now he is writing a book based on experience. He already has more of them to write about than most men. The book will tell about adventures with a friend sailing a small boat from Australia to New Guinea. He has spent four years in sub-equatorial climes, adventurous years.

Lived in The 'Bush'

On his leg is the scar left by a poisoned arrow shot at him from ambush during one of his trips into New Guinea. The little gold chain he wears about his neck was the gift of a dying missionary whom he had nursed faithfully during the fatal attack of fever. He spent two years in the "bush" looking for gold. He made a small fortune when he found some, selling it to a syndicate for

\$10,000 cash plus \$40,000 in stock. The cash gave out and the syndicate failed.

He once owned a pearl-fishing business, and he made some money on a small schooner he operated in freight service between the islands. The latter venture folded when the boat, uninsured, hit a hidden reef.

Olympic Boxer

He was 19 when he went to the Olympic games at Amsterdam as a member of the British boxing team—but most of his fighting in the new picture will be with swords and he is learning fencing.

For several months after his arrival in Hollywood he was just another contract player. But his tests for the Sabatini hero's role won the part in a walk. "He is the part," they said of him.

The old days of "shooting off the ear" and their compensations. There was the actor who got temporary insanity in the shooting. He wouldn't help with the "props" any more because his fan mail was growing. So they shot a scene showing him being washed up on the beach—and they just left him there, dead for the rest of the picture.

FLASHES OF LIFE SKETCHED IN BRIEF

By ASSOCIATED PRESS

Head On.

Philadelphia—One head was better than six to catch a chicken thief suspect.

A man passed Patrolman McCloskey carrying a bag. The patrolman heard a squawk. He investigated, found six chickens with their heads chopped off, one with the head still on, and squawking about it.

Craggy Pal.

Glenns Ferry, Idaho—James Pasborg's family pet—an eagle—prefers to play about with the Pasborg dog to soaring in and out of the clouds.

Pasborg captured the eagle as a tiny "ball of feathers," in the nest, but it now measures six feet wing-spread. It is unfettered, but shows no desire to leave its man-supplied diet of fish and raw meat.

Stalker Stalked.

Sacramento, Calif.—Harold Flint heard a noise in the vicinity of his hen roost and crept out to trap the thief who had been stealing his chickens.

Chester Boles, a neighbor who had been troubled similarly by thieves, heard the same noise and also investigated. He saw a figure in the shadows and fired a .22 calibre rifle. The bullet struck Flint, wounding him severely, but neither neighbor found trace of the thief they both sought.

Good Time By All.

Kansas City, Kas.—The "in-laws" vacation was over today—and all 25 returned from Colorado good friends.

Dr. Thomas Richmond paid all the expenses of a 15-day trip for his wife's relatives, declared he liked them but decidedly disliked the more or less popular myth that his hard to get along with "in-laws."

All For Art.

Chicago—An art class here worked from live models, completely nude, but some of the students were much more nervous than the subjects, both male and female, who took it as "all in the day's work." The models were lions and other man-eating species of animals from the Lincoln Park zoo.

Events Around The Empire State

Peekskill, N. Y., Aug. 5 (AP)—

Governor Herbert H. Lehman and Gen. William M. Haskell, commanding general, reviewed yesterday the 2,200 troops of the 93rd Infantry brigade, New York national guard.

The troops are from New York city and compose the 14th regiment of Brooklyn and the 16th regiment of Manhattan. The parade was part of the annual summer national guard encampment.

Naples, N. Y., Aug. 5 (AP)—Still in excellent health and fond of motoring, Mrs. Eliza A. House celebrated today her 101st birthday at the home of her son, William.

She was born in Mendon, Monroe county, and came to Naples with her parents when she was five years old. The trip was made in an ox cart.

Albany, N. Y., Aug. 5 (AP)—In a move "to get out the vote" for the 1935 assembly election, Republican state chairman Melvin C. Eaton today advised G. O. P. county chairmen throughout New York state to urge voters to take advantage of the central registration law permitting them to be listed during August for voting in the fall election.

He stressed the need for central registration by students home on vacation, railroad employees, commercial travelers and federal employees having offices outside their home counties.

Buffalo, N. Y., Aug. 5 (AP)—Ten braves of the Seneca tribe were hailed today as the champion archers of Western New York.

The Indians carried the crown off to their Tonawanda reservation after defeating a team from the Buffalo Handicraft Institute, 1179 to 1136.

yesterday.

The victory gave the Seneca how and arrow men three of the four matches shot this year and undisputed recognition as the best in this area.

Albany, N. Y., Aug. 5 (AP)—State Tax Commissioner Mark Graves ruled today that anonymous contributions to the "conscience fund" of New York state do not protect a delinquent tax payer against legal action if his delinquency is uncovered.

The mistake that these conscience-stricken taxpayers make," the commissioner said, "is their failure to identify themselves."

Ithaca, N. Y., Aug. 5 (AP)—Miss Rose Freistater, plump New York city high school teacher barred from a promotion because she was too heavy, is attending Cornell University summer school with the dual purpose of taking off some weight and gaining a little knowledge.

Miss Freistater, 26, weighed 180 pounds late in June, the last time an official check was made as to how much she tipped the scales.

The board of examiners for New York city schools refused her a full-time teaching license in 1931, because she was too heavy, pointing to the 150-pound maximum limit allowed for her height of five feet two in the Teachers Retirement Law, and gave her six months to reduce. She lost 20 pounds but that wasn't enough.

Elmira, N. Y., Aug. 5 (AP)—David Lewis, Democratic leader convicted of criminally receiving and concealing stolen property, appealed today before County Judge Bertram L. Newman for a new trial.

Lewis was convicted ten days ago of illegally possessing shoes found by police in his cellar May 12, identified during the trial as a shipment hijacked from a truck last March near Topsfield, Mass.

He claimed the shoes were purchased by him for \$2,400 last May Handicraft Institute, 1179 to 1136.

Youngsters In Maine Little Theater Carry Big Names Of Stage, Screen

Sons and daughters of prominent stage families are making their marks this summer in the Lakewood theater, Skowhegan, Maine. They include Mary Rogers, center, with Owen Davis, Jr., and Eileen Byron, Thomas and Sanford Cummings.

Skowhegan, Maine, (AP)—Broadway producers have turned their eyes on the Maine woods and at the Lakewood summer theater here have discovered a rich crop of youngsters from distinguished stage families.

Their presence bespeaks the professional prestige this theater has gained. The little theater colony provides a three-fold lure for members of the younger generation desiring to tread the boards in the footsteps of their elders.

Mary A "Veteran"

It is the oldest summer theater in the country with 35 consecutive seasons behind it; provides for outdoor pastimes coupled with training under an able stage director; and it has drawn attention of Broadway producers.

Mary Rogers, daughter of Will Rogers, is in her second season at Lakewood. Eileen Byron, daughter of Arthur Byron, noted stage and screen star, chose Lakewood for its environment and opportunity. Owen Davis, Jr., has been here for five years and has found it "a logical stepping stone to a Broadway engagement," his father, the playwright, declares.

Kathleen Kidder, niece of Kathryn Kidder, who introduced "Madame Sans Gene" to America, joined the Lakewood Players this summer for her first season and has been offered a part in a Broadway production in late September.

Another Drew

Keenan Wynn, son of Ed Wynn and grandson of the dramatic star,

Frank Keenan, made his debut here this summer and he, also, will appear later in a Broadway play.

Mr. and Mrs. Jack Dovereaux deserted their East Hampton, L. I., home to take a cottage here that their son, John Drew Dovereaux, might learn the acting profession. His mother is Louise Drew, daughter of the famous actor, John Drew.

Virginia Dunning, daughter of Philip Dunning, made her debut here a few weeks ago in her father's play, "Remember the Day," and will have a part in its New York presentation.

Others who have trod the Lakewood stage this year are Sanford Cummings, nephew of Irving Cummings, talking picture producer, and Frankie Thomas, 12-year-old talking picture star.

NEW PALTZ

George Hart, Sr., and daughter, Ethel, and son, George, Jr., of New York formerly of New Paltz are spending their vacation at Mr. and Mrs. Robert Connolly's on Upper Main street.

Mrs. Mary Moody of Newburgh called in town on Wednesday.

Chester DeGraft called on Mrs. Louisa DeGraft at Plutarch Sunday.

Henry Unland is making his home

with Iver Petersen at Kettleboro near New Paltz. Mr. Unland recently sold his place on Huguenot street.

Riverside Hotel with Proprietor Bernard Kiernan and Mrs. Kiernan will open in a few days. A number of guests have already arrived.

The Reformed Church school will hold its annual picnic at Tilton Lake Thursday, August 8.

Mr. and Mrs. Elliott spent Thursday in Poughkeepsie.

Mrs. Mary Doremus and Mr. and Mrs. Rudolph Shaffer of New York city have been spending a few days at Snug Harbor.

House Divided By Saw.

Conway, S. C. (AP)—Two property owners of Spivey's Beach agreed upon and executed a prompt division of a house they owned together. They saved it in half—making two houses with little inconvenience to either occupant.

Carrots are better than gallons of spring tonic. They are rich in iron, and make healthy red-rich cells. It counteracts conditions leading to rheumatism, nervousness, neuralgia, and colic.

The STANDINGS

By ANDY CLARK

(Associated Press Sports Writer)

The camaraderie that exists among the Chicago Cubs is making some of the old timers hark back to the days when nearly every ball club was a happy family.

The Cubs have come a long way in less than a month. Starting July 10, they literally bludgeoned their way through the top notch teams of the league, landing in second place and giving the Giants plenty to worry about.

The Cubs turned bears as far as their batting averages were concerned, and they made up for the mediocrity of their pitching staff.

The rise surely could not be due to any whiplapping on the part of Charlie Grimm. It might have been that his ability to cajole his players, to enter into their buffooneries, moulded them into the cohesive band that startled the rest of the league. Just the other day Grimm gave evidence that he prizes this spirit among his players when he publicly castigated Rookie Catcher Walter Stephenson after the latter had attempted to hang a haymaker on Bill Jurgens.

Stephenson had been nettled by Jurgens' kidding, but Grimm said he didn't want anyone around who couldn't take it.

Grimm has known madcap days in baseball and he can sympathize with some of the boys who go off the handle occasionally.

Yesterday he was ejected from the second game of the Cubs' double-header with the Cincinnati Reds for protesting a little too strenuously on a decision of Umpire George Magerkurth.

Perhaps Charlie thought it was the old days. Anyway, he went off the field, accompanied by Outfielder George Stainback, who had joined in the tirade against the arbiter.

The Reds won the first game 5-1 but the Cubs took the second, 4-3. The Giants took both ends of a doubleheader from the hapless Braves, 9-2 and 3-1. Brooklyn beat Philadelphia 4-1 and then lost the nightcap 5-4, while St. Louis won both ends of a double bill with the Pittsburgh Pirates, 4-3 and 6-5.

Boston and Philadelphia split a double attraction in the American League, Boston taking the first 7-5 and Philadelphia the second, 4-3 while the St. Louis Browns rose up to smother the Chicago White Sox a double blow, 10-2 and 4-1.

Washington took a slugfest from the New York Yankees 11-10 and the Detroit Tigers shut out the Cleveland Indians, 7-0.

Bass of St. Croix Thrill Sportsmen With Their Fight

St. Croix Falls, Wis. (AP)—Those gamey, battling small-mouthed bass of the St. Croix river are breaking water again.

Sportsmen report the fish, which pound-for-pound outgits the ponderous muskellunge, has entered its annual "hitting" cycle with unparalleled gusto.

Late July and August plus the St. Croix is an equation summing "small-mouth time" to Minnesota and Wisconsin anglers. And the clear, sand-bottomed river is daily host to numerous excursions.

Winding through high, green-carpeted bluffs on the Minnesota-Wisconsin boundary, the St. Croix has been dubbed the small-mouth haven of America. Sportsmen's luck has attested this.

You find the willow and the bamboo pole, the drop-line and the casting rod, and finally the fly-caster—standing alone, with his reel invariably well stocked—on the St. Croix. Of these, the fly-artist reigns supreme.

The zing and whip of a fly-cast into the eddying river takes the colored fluff of cloth and feather down the current, buoying it into the shallow bass pools. A strike seldom leaves the angler guessing.

"Wh-r-r-r," the reel spins, the bait submerges and pandemonium is loosed on a small but sure scale. The fish darts, lunges, "runs with the current" and seasons its display by leaping from the water like a miniature tarpon. Gradually it works in closer. Then the net—the reel—and "What a beauty!"

To scientists St. Croix's specialty is "Micropterus Dolimieu"—a name. To sociologists the small-mouth is an object lesson for humanity; the fish cannot live in "slums," thrives only in crystal-clear running water.

But to sportsmen the small-mouth is angling's apex—a dream of the venerable Walton personified, to the visiting St. Croix fisherman a "dream come true."

Steve O'Neill New Cleveland Manager

Cleveland, Aug. 5 (AP)—Steve O'Neill, a member of Cleveland's only world championship baseball team, today tackled the job of trying to bring the fifth-place Indians out of a slump.

Appointed late last night to succeed Walter Johnson as manager of the tribe, O'Neill said this morning he intended to make the team "buckle."

Johnson, who tendered his resignation to Alva Bradley, club president, prepared to return to his Maryland farm. He will remain on the Cleveland payroll, however, as an adviser of young players in need of development.

Congratulations to the four-year-old boy in West Patterson, N. J., who has "graduated" from drinking and smoking in favor of ice cream and cake.

Marie Drives Like Sixty

American Speed Boat Thrills Rumanian Dower

An American speedboat is the latest diversion of Dower Queen Marie of Rumania. This photograph, by James A. Mills, Balkan correspondent of The Associated Press, shows her ready for a spin.

Balchik, Rumania (AP)—Barred from royal powers by her son, Carol, King of Rumania, Dower Queen Marie, now 60 years old, has decided to forget her disappointment by becoming a motorboat pilot.

She has acquired a high-powered American speed-boat, built on the shores of Lake Michigan, which she drives across the Black Sea every day at from 70 to 80 miles an hour.

Apparently possessing no sense of fear, the dashing dower has several times driven the boat at terrific speed that it almost overturned. The boat dipped and ca-

reeded to such an extent that one of the Queen's American lady guests lost her camera overhead. Since then, a Rumanian marine officer always sits in the front seat with the Queen to guard against accident.

By special favor of the Bulgarian government, Queen Marie is allowed to enter Bulgarian territorial waters in her speed-boat without special permit. Frequently she drives to Euxinograd and Varna, where King Boris of Bulgaria has palaces.

But she never drives to Eforia, on the Black Sea, where Madame Helena Lupescu, her son's red-haired soul-mate, has a summer villa.

Romani, Collegiate Mile Champ, Trains In Coal Fields for '36

Kansas City, Aug. 5 (AP)—Archie San Romani, national collegiate mile champion, is working in the coal fields this summer to condition himself for his two chief pursuits—music and running.

San Romani, whose sprinting finish upset such stars as Ray Sears of Butler and Dick Bauer of the Army in the N. C. A. A. meet at Berkeley this year, hopes next season's track campaign will land him a berth in the 1936 Olympics. He believes he can run the mile in less than 4:10. His best time now is 4:14.3.

But despite his outstanding track ability, San Romani's career as a runner plays second fiddle to his musical ambitions. He is studying for a degree in music at Emporia Teachers College. During the school year he plays first cornet in the college band. This summer, despite his hard work with the steel gang for a coal company he finds time to play with three bands.

Like his fellow Kansan, Glenn Cunningham, holder of the world's record for the mile, San Romani overcame serious physical handicaps to become a great runner.

His right leg when he was a boy and now one leg is shorter than the other. He also suffers from a "football knee."

Count Pheasants Before Hatching Yet They Swarm

St. Paul, Minn. (AP)—Northwest sportsmen, who this spring counted their pheasants before the hatch, have refuted an improvised version of the adage.

So prolific was the upland game bird this season, observers report that it swarms in record numbers over its broad range in the Dakotas, Wisconsin and Minnesota.

Game managers recognize the Chinese pheasant of the north on a par with bob-white quail of the south—a non-cyclic, non-irruptive species. Its stable population is known to be governed only by a theoretical density known as "saturation point."

While the pheasants, favored by lush vegetative cover resulting from bounteous rains, continue to flood the plains and swales, sportsmen anticipate the best season in years.

State game department officials, who minds set on "harvesting" the pheasant crop efficiently, are reported considering longer seasons with liberal limits.

An estimate of Quebec's 1935 maple products crop shows a large gain over 1934, with an increase of 50 per cent in volume and 19 per cent in value.

ble when he started her last at Toronto.

The consensus, rather, is that when August 14th dawns a Tilly flash into action around Billy Kane's side ring at Gosden. If Tilly does win, and there are many who say she will, with more than words, the flits will wrap up the scene with exits in the trotting derby, each claiming the victory.

Hurons Win 11 Inning Battle From Wilbur Dodgers By 4-3 Score

With two out in the ninth inning, the Huron Indians tied up the count and then won in the 11th by 4-3 against the Wilbur Dodgers Sunday at Kristic Field, Rosendale.

The game was a moundsmen's duel between Ben Leivre of the Indians and Hank Cragan of the Wilburites. Leivre allowed seven hits while his mates collected 11 off Cragan. Both boys fanned nine batters.

The Indians scored in the first frame but were tied in the fifth at 1-1. The scoreboard still read 1-1 as the teams entered the ninth. McElrath and Jansen singled. Coughlin's fly then scored the two runners to give the Dodgers a 3-1 edge. With two down in the Huron's half, Regan, Rask and Neff hit singles to tie at 3-3.

In the 11th, C. Neff singled and then stole second and Regan again singled which broke up the game.

Wallkill Noses Out Highland Falls, 4-3 In 14 Inning Game

Wallkill, Aug. 4.—In one of the best games seen at the Little Yankee Stadium this season the prison lads nosed out a victory over "Jockey" Burnell's delegation from Highland Falls in the 14th inning, by the slim margin of 1 run. The final score of 4-3 came after both sides had made several attempts to get runners home in the five extra innings.

In their half of the 14th the boys from the prison went after the victory and "Pappy" Irwin stepped into a fast one and sent the ball into deep right field for a triple. Frankie Mallock got a base after being hit by the pitcher and Friedman smacked out his first hit of the game to win the contest.

Going into the ninth the prison team had a three run margin after "Bing" O'Neill, the old man of baseball, had turned the opposition back without any serious threats. The Collegiates staged a rally and collected two runs off Bing, who retired in favor of "Pep" Ronk, and carried another tally across the pan before he shut down on them. The game then settled down to a serious matter of the survival of the fittest.

Napanoch Defeats Closs Clowns, 6-2

Napanoch defeated the Closs Clowns yesterday afternoon at Napanoch by 6-2. Baker pitched for the Clowns for the first seven innings and struck out five men. He was relieved in the eighth by Komosa who fanned two in two frames.

The Closses garnered 10 hits with Fitzgerald and Cahill leading with two out of four trips. Fitzgerald and Cahill also starred in the outfield making several spectacular catches.

SLASH MOTORING COSTS

... with New Tire That Protects You From High-Speed Blow-outs

I'LL RISK A LOT FOR A NEWSREEL SCOOP BUT BLOW-OUTS HAVE ME SCARED

says "DUTCH" WRIGHT well known news reel editor

READ HOW SILVERTOWNS MAY SAVE YOUR LIFE!

"I've risked my life in the Arctic and on the Empire State Tower—in the air—on the ground and the sea," says "DUTCH" WRIGHT. "It's dangerous—sure, but it's the unexpected danger of blow-outs that I really fear. I'll never get over the one I lived through. I was driving in Maine when my right front tire blew out—sent me spinning into the ditch. I ducked under the dash—was knocked 'cold'—but by luck came out alive."

Here's why your car should be equipped with Goodrich Safety Silvertowns. Today's high speeds generate terrific heat inside your tires and this internal heat is the great unseen cause of these high-speed blow-outs.

Real blow-out protection

But in the new Safety Silvertowns, the Life-Saver Golden Ply resists heat. Rubber and fabric don't separate. Blisters don't form. High-speed blow-outs simply don't get a start.

See this tire. Notice the big, husky-cleated tread. That's why Silvertowns also protect you from dangerous "tail spin" skids.

And if you're looking for tires that will give you months of extra mileage, get a set of Golden Ply Silvertowns. Remember, they're safer, they'll last longer. Yet Silvertowns cost no more than other standard tires! That's why they help you slash motoring costs.

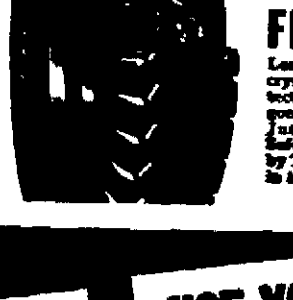

NEW TUBE IS A MONEY-SAVER! It's Extra Tough

Don't waste money on tubes that rip easily. The new Goodrich Golden Ply Tube is specially reinforced against rim cuts and chafing—resists tearing even when run flat.

The Freeman IS A PROFITABLE ADVERTISING MEDIUM Because

It reaches every member of the family. Junior wants the comics first. Dad wants that sporting page. Su grabs the fashion sheet. And trust Mom to consult the woman's page for education, information, and new methods for home-efficiency. Yesir — The Freeman must be profitable, because everyone who reads the news reads the ads — and that's the most important step toward BUYING.

The Freeman HAS GUARANTEED CIRCULATION OF (9,444) Because

The Freeman is bought on subscription to the full extent of that circulation — and many are the instances in which Dad buys an extra copy at the newsstand, to have in his office. The Freeman gives a lot for the \$7.50 it costs a year in the city; \$5.00 a year by mail, and not the least of what it gives is a dependable Buying Guide to every member of the family through the advertising it carries.

The Freeman IS WELCOME INTO THE HOME Because

Its editorial policy is highly regarded. Intelligent in controversy, it offers a real opportunity for the whole family to get together and discuss important happenings locally, and all over the world. And every advertiser knows that a paper whose editorial policy is generally admired is a paper in which it pays to advertise generously . . . and regularly.

Entry List Grows For Beauty Pageant

Ten girls have already entered the fifth annual beauty pageant to select Miss Ulster at Plumley's Pool, Woodstock, next Sunday. Most of these girls, however, are blondes and the management announced this morning that there is lots of room left for the brunettes and red haired lassies.

Goodie Davis, son of Ambassador-at-Large Norman Davis, and Emil Ganzo, noted nude and torso painter, have been invited to assist in judging the beauties.

Miss Dorothy Van Etten of Phoenixia, the 1934 title winner, will undoubtedly be on hand to defend her laurels against what promises to be the largest entry list since the pageant started back in 1931.

All girls (unmarried) resident or guest resident between the ages of 16 and 30 are eligible to compete. The winner will receive a handsome trophy, title sash and victory bouquet. Every girl in the contest will receive at least one prize.

The Doodledorfer Band will help furnish the entertainment which will start at 2 p. m. The water show, in which noted swimmers and divers will give exhibitions, will start at 3 and the beauty pageant will be run at 4 o'clock. In case of rain the entire show will be held on the following Sunday.

There will be free parking for cars and all children under 14 will be admitted free of charge.

Forsakes Her Elephants

Chicago, Aug. 5 (AP)—Miss Eleanor Raymond, dived 22 year old elephant trainer, has agreed to swap a budding circus career for a wedding ring. The ring, she admitted yesterday, will be placed on her finger by William Veeck, Jr., son of the late president of the Chicago National League baseball club. Miss Raymond is a graduate of St. Mary's-on-the-Hudson finishing school at Peekskill, N. Y., and studied a year at the University of Nebraska. Her father is president of the Federal Huber Company, plumbing supply dealers.

Green Predicts An Anti-Communist Drive

Atlantic City, N. J., Aug. 5 (AP)—William Green, president of the American Federation of Labor, here today to preside at a meeting of the Federation's executive council, predicted a militant drive to expel from the organization Communists "who are under orders from Moscow."

"When it is clearly proven that a member of one of our unions is a Red carrying out Moscow's orders," he said, "the union will be called upon to expel him."

The Federation chief charged Communists were undermining confidence in the trade union movement, fomenting strife and urging and inspiring violence.

"The American delegation reported to the Communist Congress in Moscow last week that there were 30,000 Reds in this country," Green said.

"While that number in comparison with the membership of the A. F. of L. is inconsequential, nevertheless they are distributed among our trade unions and each is assigned a special task."

Green said the council would consider how to deal with the Communist problem in general, and particularly with the recent amalgamation of avowedly Communist organizations and the International fur workers.

Hugh S. Johnson, former NRA chief and now head of New York work relief, might confer with the council this afternoon on the protests of federation unions against the security wages on relief projects, Green said.

Yachtsman Rescues Two Men on Sunday

Bridgeport, Conn., Aug. 5 (AP)—David Swing Starring, widely known yachtsman, dived from his craft, the "Standby," last night and rescued a Yonkers, N. Y., father and son from the waters of Long Island Sound, after their cruiser burned and they had clung more than an hour to a seat cushion.

George Lathrop, about 70, and his son, were forced to leap from their own 24-foot craft when it caught fire three miles off Southport Harbor.

Starring, aboard his yacht, which he once entered in the Atlantic yacht races, sighted the flames and smoke and followed by E. H. Bedford's "Lawrence," another yacht, turned about and headed for the scene.

The Lathrops' boat already had burned to the water's edge when the "Standby" arrived, but Starring dived from the deck and held up the two men until they could be taken aboard.

Arrested for Suicide Attempt
Blackpool, Eng.—Harold Davidson, unfrocked rector of Suffrey who was convicted three years ago by a church court of immorality, was remanded today until August 9 on a charge of attempting suicide. Davidson was arrested Saturday after being on exhibition for ten days in a glass case, bearing a sign that he was "fasting unto death" in protest against a ruling prohibiting him from performing church duties.

HELD IN MUTILATION SLAYING

Nervously biting on his fingers, Mandeville Zenge, arrested in connection with the mutilation slaying of Dr. Walter J. Bauer, is shown in Chicago as he was questioned by Captain Daniel Gilbert of the state attorney's police. Capt. Gilbert said two witnesses identified Zenge as a man they saw fleeing from a filling station near which Dr. Bauer was found. (Associated Press Photo).
